

Thank you for your interest in our practicum program at St. Joseph's Children's Hospital. Our hospital and child life department are committed to and excited about providing quality education and meaningful experiences for our students.

Our practicum is designed to provide you with insight into the child life profession as well as opportunities for you to interact with children through play activities. Practicum students have the opportunity to shadow our child life specialists during preparations, medical play experiences, actual medical procedures, and family support. Along with shadowing our child life specialists, practicum students also facilitate playroom activities and individualized bedside activities with children.

To apply for our practicum, we will need:

- Application for Practicum
- Resume

What is expected out of practicum students?

- Total of 150 practicum hours within a specified time frame
 - Minimum of 8 hours per week
 - Maximum of 20 hours per week
- Attendance at Volunteer Orientation
- Facilitation of playroom activity once a week
- Attendance for three in-services from child life staff
- Daily journals
- One-page summary of reading assignment
- Final paper about what student has learned

After evaluation of your application and resume, you may be contacted for a phone interview. If you have any questions, please contact us via email at practicum.childlife@baycare.org. Thank you for your interest in our practicum program at St. Joseph's Children's Hospital!
