## A Home-Away-From-Home

The Ronald McDonald House provides a "home-away-from-home" for families of seriously ill children who are receiving treatment at nearby hospitals. Some children have to travel great distances to get the medical attention they need. In-hospital treatment may last one day, one year or even longer. The Ronald McDonald House provides a comfortable, supportive alternative for these families. It serves as a temporary residence near the medical facility where family members can sleep, eat, relax and find support from other families in similar situations. In return, families are asked to make a donation ranging from \$5 to \$20 per day; if that isn't possible, their stay is free.
